

Gay Sex Or Straight Sex

Victoria Brownworth

Not Gay Jane Ward, 2015-07-31 A different look at heterosexuality in the twenty-first century A straight white girl can kiss a girl, like it, and still call herself straight—her boyfriend may even encourage her. But can straight white guys experience the same easy sexual fluidity, or would kissing a guy just mean that they are really gay? *Not Gay* thrusts deep into a world where straight guy-on-guy action is not a myth but a reality: there's fraternity and military hazing rituals, where new recruits are made to grab each other's penises and stick fingers up their fellow members' anuses; online personal ads, where straight men seek other straight men to masturbate with; and, last but not least, the long and clandestine history of straight men frequenting public restrooms for sexual encounters with other men. For Jane Ward, these sexual practices reveal a unique social space where straight white men can—and do—have sex with other straight white men; in fact, she argues, to do so reaffirms rather than challenges their gender and racial identity. Ward illustrates that sex between straight white men allows them to leverage whiteness and masculinity to authenticate their heterosexuality in the context of sex with men. By understanding their same-sex sexual practice as meaningless, accidental, or even necessary, straight white men can perform homosexual contact in heterosexual ways. These sex acts are not slippages into a queer way of being or expressions of a desired but unarticulated gay identity. Instead, Ward argues, they reveal the fluidity and complexity that characterizes all human sexual desire. In the end, Ward's analysis offers a new way to think about heterosexuality—not as the opposite or absence of homosexuality, but as its own unique mode of engaging in homosexual sex, a mode characterized by pretense, dis-identification and racial and heterosexual privilege. Daring, insightful, and brimming with wit, *Not Gay* is a fascinating new take on the complexities of heterosexuality in the modern era.

Mostly Straight Ritch C. Savin-Williams, 2017-11-13 Based on research, the author explores in this publication the personal stories of forty young men to help us understand the biological and psychological factors that led them to become mostly straight and the cultural forces that are loosening the sexual bind that many boys and young men experience.

Still Straight Tony Silva, 2021-03-23 Why some straight men have sex with other men Why do some straight men in rural America have sex with other men? In *Still Straight*, Tony Silva convincingly argues that these men—many of whom enjoy hunting, fishing, and shooting guns—are not gay, bisexual, or “just experimenting.” As he shows, these men can enjoy a range of relationships with other men, from hookups to sexual friendships to secretive loving partnerships, all while strongly identifying with straight culture. Drawing on riveting interviews with straight white men who live in rural America, Silva explores the fascinating, and unexpected, disconnect between sexual behavior and identity. Some use sex with men to bond with other men in an acceptably masculine way; some are not particularly attracted to men, but are wary of emotional attachment with women; and others view sex with men—as opposed to women—as a more acceptable form of extramarital sexual behavior. Taking us inside the lives of straight white men who have sex with other men, *Still Straight* shows us that heterosexuality in rural America is not

always, in fact, what it seems.

Is My Husband Gay, Straight, or Bi? Joe Kort, 2014-09-11 Jennifer can't believe it. Just married and pregnant, she discovers that her husband has been meeting Brad for sex. When confronted, Tom doesn't deny it, but he insists it's just "a thing" and he isn't gay. Elsewhere, John's wife, Karen, discovers that her husband likes to watch gay porn. John doesn't understand his wife's reaction. Why does she care what he watches if he's not unfaithful? In couple's therapy, Karen and Jennifer raise the same questions: Does this mean my husband is gay? Can my marriage survive? These and other stories illustrate the difficulties inherent when a wife or girlfriend finds out her man has had or wants to have sexual contact with other men. But many times, the man is not gay or even bisexual. Of course, some men with gay sexual interests are gay men in a process of self-discovery; they are "coming out." These desires may only reflect a different side of a man's sexuality or some response to childhood trauma or experiences they have not fully processed. Here Joe Kort and Alexander P. Morgan make the distinction between gay men and "straight men with gay interests" clearer to women who want to know how they can overcome these revelations. The authors explain the many reasons why straight men may be drawn to gay sex; how to tell whether a man is gay, straight, or bisexual; and what the various options are for these couples, who can often go on to have very fulfilling marriages. Is My Husband Gay, Straight or Bi? is intended to help couples understand how male sexuality can express itself in ways that may be difficult to understand. Many marriages have been hurriedly terminated when couples (and their therapists) have lacked the information they needed to understand their current situations. This book provides the clarity, describes the choices, and (in many cases) offers hope for relationships and marriages that have been brushed off as doomed.

Not Gay Elizabeth Jane Ward, 2015

Sex Tips for Straight Women From a Gay Man Dan Anderson, Maggie Berman, 2012-08-10 Witty sex guide which will appeal to watchers of *Sex and the City* and *Will and Grace*. A huge word-of-mouth success in the States.

Gay, Straight, and the Reason Why Simon LeVay, 2016-08-01 What causes a child to grow up gay or straight? Neuroscientist Simon LeVay summarizes a wealth of scientific evidence that points to one inescapable conclusion: Sexual orientation results primarily from an interaction between genes, sex hormones, and the cells of the developing body and brain. LeVay takes the reader on a whirlwind tour of laboratories that specialize in genetics, endocrinology, neuroscience, cognitive psychology, evolutionary psychology, and family demographics. He describes, for instance, how researchers have manipulated the sex hormone levels of animals during development, causing them to mate preferentially with animals of their own gender. In this second edition, LeVay adds a chapter on bisexuality, reviews some uncommon forms of sexuality, and considers whether there could be a biological basis for subtypes of gay people such as butch and femme lesbians.

Gay, Straight, and In-between John Money, 1988 Synthesizing many years' investigation into sexual identity and orientation, this book presents Dr Money's formulation of how sexual preference is determined. It includes a review of long-term follow-up studies on pre-natal influences on sexual identity, and discusses gender

differentiation in childhood.

Straight Sex Lynne Segal, 2015-01-27 Is heterosexual sex inherently damaging to women? Is it possible for women to enjoy sensuality and pleasure with men that does not increase male power? Lynne Segal's unflinching examination of feminist thinking on sexuality over the past twenty-five years tackles these questions head on. Only two decades ago, politically aware women often declared themselves both sexual liberationists and feminists - their right to sexual fulfillment symbolized their right to selfhood. However, the most positive women's writing on female sexuality in recent years has come primarily from the lesbian community. Segal addresses the silence of heterosexual feminists on questions of sex and love and notes the shift toward sexual conservatism. She looks at the trends that followed Sixties radicalism: sex as a subversive activity, the liberated orgasm, sex advice literature, gender uncertainties, Queer politics, antipornography campaigns, and the rise of the moral right.

Beyond Gay Or Straight Jan Clausen, 1997 Examining the various theories that have been proposed throughout history and present day, this book explains the riddle of sexual orientation, assessing their validity, placing them in a cultural context, and explaining the practical ramifications of each. Includes 40 photos.

If You Seduce a Straight Person, Can You Make Them Gay? John P. Elia, 1993 This breakthrough book shows the fissures in concepts of the gay and lesbian identity and the one-sidedness of both biological essentialist and social constructionist versions of both sexual and gender identity. The editors present an alternative view sexual and gender expression is a product of complementary biological, personal, and cultural influences in *If You Seduce a Straight Person, Can You Make Them Gay?* Through theoretical analysis, ethnographic and empirical data, and case studies, the editors show how it is difficult, if not impossible, to conceptually determine the origin of an individual's sexual expression. This thought-provoking book covers many topics that are sure to cause many readers to re-evaluate their thinking about the origins of gay and lesbian identity.

Sex Tips for Straight Women from a Gay Man Dan Anderson, Maggie Berman, 2004 Women want to know what men really think about sex - and this book gives them the real answers.

The Invention of Heterosexuality Jonathan Ned Katz, 2014-12-10 "Heterosexuality," assumed to denote a universal sexual and cultural norm, has been largely exempt from critical scrutiny. In this boldly original work, Jonathan Ned Katz challenges the common notion that the distinction between heterosexuality and homosexuality has been a timeless one. Building on the history of medical terminology, he reveals that as late as 1923, the term "heterosexuality" referred to a morbid sexual passion, and that its current usage emerged to legitimate men and women having sex for pleasure. Drawing on the works of Sigmund Freud, James Baldwin, Betty Friedan, and Michel Foucault, *The Invention of Heterosexuality* considers the effects of heterosexuality's recently forged primacy on both scientific literature and popular culture. "Lively and provocative."—Carol Tavris, *New York Times Book Review* "A valuable primer . . . misses no significant twists in sexual politics."—Gary Indiana, *Village Voice Literary Supplement* "One of the most important—if not outright subversive—works to emerge from gay and lesbian studies in years."—Mark Thompson, *The Advocate*

The End of Gay Bert Archer,2000-05-16 Gay is a phase. Not something people go through in adolescence, but, like feminism, a cultural, historical movement, on the way to something bigger. Through the prism of his own sexual past and present, with a wide array of references to pop culture, literature and history, Archer traces the rise and imminent fall of gay. Along the way, he cites historical examples of greater sexual liberation, embracing the lessons of these precedents as models for our own less inhibited times. Celebrating art that expresses love and passion unfettered by gender, Archer claims Shakespeare and Prince, Goethe and Madonna, as icons for a new, more open age of sex. Stimulating, engaging and entertaining, *The End of Gay* is a bold work that looks forward to the vast possibilities of love without labels.

...And Then I Became Gay Ritch Williams-Savin,2013-09-05 ...*And Then I Became Gay* is about the lives of young men who express the complications, adversities, and satisfactions of being a sexual outsider in North America during the 1980s and 1990s. Consisting of narratives which chronicle developmental progression from first memories of being attracted to other males to a subsequent integration of their sexual identity with a personal identity, this book is also unique in its cross-section of men from different ethnic backgrounds. Although each story in this volume has a personal meaning to the individual youth disclosing it, aspects of these narratives can express a normative experience growing up gay or bisexual during the past two decades. For many of the contributors and readers, these stories may prove to be not only ones of coming out, but coming of age.

The Gay Report Karla Jay,Allen Young,1979 *The Gay Report* contains the results of the first comprehensive survey of the homosexual community. In 1977, Karla Jay and Allen Young distributed several hundred thousand copies of their survey to lesbians and gay men. Over five thousand of them, between the ages of fourteen and eighty-two, from all over the United States and Canada, filled out the extensive questionnaires about their lifestyles and sexual experiences. This book tells what they said.--Publisher's description.

Ordinary Mayhem Victoria Brownworth,2015-02-15 Faye Blakemore is a photojournalist for a major New York newspaper. Faye has been taking photos since she was a small child, taught by her photographer grandfather, after spending hours in the strange blood-red light of his darkroom. Now Faye specializes in what one reviewer calls, "blood-and-guts journalism." Her first book of photos is as celebrated as it is controversial--and as harrowing. Faye convinces her editor to send her to Afghanistan and the Congo to report on the acid burnings, the machete attacks, and the women survivors. Yet that series of assignments--each darker and more dangerous than the next--brings Faye closer to her both her own demons and to the family secrets that still haunt her and threaten to destroy her and the woman she loves.

Male to Male Edward Tejirian,2013-04-03 Explore the feelings of men toward other men without the pigeonholing found in terms like "gay" and "straight"! *Male to Male: Sexual Feeling Across the Boundaries of Identity* starts with the evidence that most studies on male sexuality have ignored--the same-sex feelings of men whose identities are heterosexual. Of the more than fifty men in this book, almost half were aware of some degree of same-sex feeling. But beyond percentages, the primary focus of *Male to Male* is the exploration--through their own words--of

how these men experienced same-sex feelings, what these feelings meant to them, the fears surrounding them, and the consequences of the collision between their heterosexual identities and their same-sex feelings. In addition to comparative data on women's same-sex feelings, as well as on what men say in regard to their feelings about women, Male to Male includes material from two in-depth case studies. The first is on Clark, an African-American man who moved into sex with men in prison. His story shows that the need to see gay men as feminine is really a cultural defense against the powerful pull toward the male-to-male bond, and points to the movement to fulfill that bond when this defense is dropped. The second is on Zack, a gay police officer. His story explores the different dimensions and meanings of the male-to-male bond as these unfolded in his own life, while telling about the heterosexually identified men who "came out" to him about their own same-sex feelings. Male to Male will help you explore: same-sex feelings in heterosexual men and women same-sex feelings in the military prison culture and the "heterosexual role" the fear of domination the aesthetics of fear and power the dynamics of rape compassionate relationships between heterosexual-identified men . . . and much more! Male to Male provides evidence showing that the identity that really counts--constituting the deepest source from which men's sexual feelings for each other spring--is not specifically a gay or heterosexual identity. That source is, rather, a male identity, and--beyond that--a human identity.

The Straight Dope Joe Reister,

The Complete Brorotica Guy New York, 2013-03-29 Dudes, sometimes being super straight is a little gay. And sometimes it's like really gay. Like this book. Which is about bros, dudes, and dudebros getting it on with each other, for each other, and on top of each other. The Complete Brorotica contains all of the stories in Brorotica, Chicks are for Fags, and Fifty Shades of Gay. They've all been published before, but now you can get them in one volume for totally less than buying them separately. This contains the classic stories Bad Bromance, Bromancing the Stone, A Daddy for Daddy, and of course Fifty Shades of Gay (along with eleven others). If you like getting drunk, playing football, picking up girls, and getting it on with other dudes, then this is totally for you. This book contains hot explicit sex between consenting dudes. It's 100 pages long. And just as thick.
