

The Will Of God Leslie Weatherhead

Leslie Dixon Weatherhead

The Will of God Leslie D. Weatherhead, 2011-12-01 During the tumultuous era of World War II, the city of London shattered under unrelenting bombs dropped by Nazi Germany. Millions of buildings were destroyed or damaged, tens of thousands of civilians were killed, and survivors were left to ask: How can this destruction be part of God's plan? What is God's will in all of this? After City Temple in London was reduced to rubble, Rev. Leslie Weatherhead crafted five sermons on understanding the will of God to help his congregation endure religious doubt as their city—and church—crumbled around them. Weatherhead's sermons were eventually published as *The Will of God*, a resource that has sold more than a million copies and has been a lifeline for grieving persons seeking to understand God's purpose for their pain. This revised edition of the classic book includes background information and photos of the historical setting that inspired this book, and a new cover and layout to refresh a timeless message—both for new readers and returning fans.

Leslie Weatherheads Will of God Workbook Rebecca Laird, 1995 The entire contents of

Weatherhead's classic book have been reprinted here. Laird adds three case studies that illustrate difficult questions in understanding the will of God, plus a how-to-use section and exercises for application designed to help participants explore, share, and grow in their faith.

God and Human Suffering Douglas John Hall, Professor Hall has written a major work on an agonizing subject, at once brilliant, comprehensive, and thought provoking. In contrast to many writers who gloss over one or the other, Dr. Hall is true both to the reality of suffering and to the affirmation that God creates, sustains, and redeems. Creative is his view that certain aspects of what we call suffering -- loneliness, experience of limits, temptation, anxiety -- are necessary parts of God's good creation. These he distinguishes from suffering after the fall, the tragic dimension of life. Unique is his structure: creation-suffering as becoming the fall--suffering as a burden redemption--conquest from within. Professor Hall succeeds in moving the reader beyond the customary way of stating the problem:

How can undeserved suffering coexist with a just and almighty God? He also evaluates five popular, leading thinkers on suffering: Harold Kushner, C.S. Lewis, Diogenes Allen, George Buttrick, and Leslie Weatherhead.

Life Begins at Death Leslie Dixon Weatherhead,1981-10

What It Means To Pray Through Mother Elizabeth Juanita Dabney,2012-06 Although little is known about Elizabeth Dabney's youth, she often said she learned the value of prayer from her mother, who always kept a family altar in their home. Mother Dabney sat down and documented for the world, her detailed thoughts and experiences about really living a life devoted to prayer and what the resulting effects would be to personal ministry.

All Will Be Well Lyn Klug,1998-10-22 A book for all in need of healing and for those who pray for others.

Finding God Beyond Religion Tom Stella,2013 Do you describe yourself as spiritual but not religious? Whether young or old, church connected or not, are you spiritually restless for an authentic

faith life but do not find conventional religious teachings pertinent to you? This accessible guide to a meaningful spiritual life is a salve for your soul. It reinterprets traditional religious teachings central to the Christian faith - God, Jesus, faith, prayer, morality and more - in ways that connect with people who have outgrown the beliefs and devotional practices that once made sense to them.

Spiritual Leadership J. Oswald Sanders, 2017-07-04 Over 1 million copies sold What every church will always need The need for talented, vigorous leaders in the church cannot be overemphasized. Such times demand active service of men and women who are guided by and devoted to Jesus Christ. With more than 1 million copies sold, *Spiritual Leadership* stands as a proven classic for developing such leadership. J. Oswald Sanders, a Christian leader for nearly seventy years and author of more than forty books, presents the key principles of leadership in both the temporal and spiritual realms. He illustrates his points with examples from Scripture and biographies of eminent men of God, such as Moses, Nehemiah, the apostle Paul, David Livingstone, Charles Spurgeon, and others. Featured topics

include: The cost of leadership The responsibility of leadership Tests of leadership The qualities and criteria of leadership The art of reproducing leaders The one indispensable requirement of leadership Sanders holds that even natural leadership qualities are God-given, and their true effectiveness can only be reached when they are used to the glory of God. Let this classic be your guide for leadership, and watch how God works through you to do great things for His glory.

Blowing the Lid Off the God-Box Anne Robertson, 2005 What's in your God-box? Each of us, says author Anne Robertson, builds our own way of understanding God-our God-box-- and fills it up with bits of scripture, wisdom, and our experiences of God at work in our lives. It's a perfectly good way to puzzle out what God means to us. Encountering God through our human limitations, we learn something about the meaning of Incarnation. But to say that our experience of God is the only valid one is to put a lid on the box and create an idol. This book is about examining our God-boxes and bursting them wide open. **Blowing the Lid Off the God-Box** starts with the ministry of Jesus - who blew

the lid off everyone's God-box by constantly challenging his followers with the unexpected. Subsequent chapters examine the God-boxes we create with scripture, worship, and political and social agendas.

God, Christ and Us Herbert McCabe, 2005-12-20 Here is a collection of Herbert McCabe's more popular spiritual writings. McCabe was highly regarded as a writer on philosophy and theology but in true Dominican tradition (the Order of Preachers) he was also a brilliant preacher. He always preached in a lively and witty way - his style has been compared to that of G.K. Chesterton. This collection of his sermons and spiritual addresses are never platitudinous or short of ideas, filled with questions, arguments and solid intellectual content. The major influence on McCabe was the Bible but he was also a devoted admirer of the thought of St Thomas Aquinas, whose ideas saturated his public speaking. From the Bible, McCabe derived the notion of God leading us to happiness through the work of grace and through the life and teachings of Jesus. From Aquinas, McCabe derived a hatred of idolatry, a powerful sense of the incomprehensibility of God and a recognition that we depend on God's gracious revelation of himself rather than what we can work out on the basis of our limited

understanding. A presiding theme in this book is that we are saved because of the life of someone fully human. God, Christ and Us communicates the essence of the Gospel in an original and compelling way. It can therefore be mentioned in the same breath as works by Dean Inge, Donald Soper, H.A. Williams and Leslie Weatherhead. Here is a collection of Herbert McCabe's more popular spiritual writings. The Transforming Friendship Leslie Dixon Weatherhead, 1933

The Meaning of the Cross Leslie D. Weatherhead, 1982-01-01

Doctor of Souls John Travell, 1999 During the period after the Second World War, in which English Protestant non-conformity declined rapidly, a handful of exceptional names stand out, and one of the most remarkable was that of the Methodist minister Leslie Dixon Weatherhead. Both through his ministry at the City Temple, in the heart of London, and more generally through the massive sales of his books, Dr Weatherhead became a dominant figure, with an influence far beyond the British Isles. That the City Temple, a Congregationalist church, was widely seen at the time as the greatest English

Free Church pulpit, ensured him a wide audience, while the quality of his preaching, combining emotional and intellectual power, wit and eloquence, won him admirers among all the churches, and led to offers from a number of American and Canadian universities and congregations, as well as numerous honorary degrees from British and American universities. Despite his Congregationalist call, he remained a Methodist minister, and indeed became President of the Methodist Conference. Perhaps even more important was that he was one of the earliest to recognise the value of the applications for the clergy of the insights of Freud and Jung. His seventy-odd publications, of which *The Christian Agnostic and Psychology*, *Religion and Healing* were the most influential, bring out not only the theological liberalism that made him suspect in some circles, but also his understanding of the value of healing and of psychological insights. The result was that his lay theology had a vast following. Although three other books have appeared about Weatherhead since his death, John Travell's explores all aspects of his life and portrays his historical, religious and theological context in greater depth
